1999 Instructions for Form 541-QFT

California Income Tax Return for Qualified Funeral Trusts

References in these instructions are to the Internal Revenue Code (IRC) as of January 1, 1998, and to the California Revenue and Taxation Code (R&TC).

General Information

In general, California tax law conforms to the Internal Revenue Code (IRC) as of January 1, 1998. However, there are continuing differences between California and federal tax law. California has not conformed to most of the changes made to the IRC by the federal Internal Revenue Service Restructuring and Reform Act of 1998 (Public Law 105-206) and has not conformed to any of the changes made by the Tax and Trade Relief Extension Act of 1998 (Public Law 105-277).

A Purpose

The trustee of a trust that has elected to be taxed as a qualified funeral trust (QFT) can use this form to file for a single QFT or for multiple QFTs having the same trustee, following the rules discussed under General Information D, Composite Return.

An election to file as a QFT for federal purposes is considered an election for California purposes. A separate election is not allowed.

Trustees must use Form 541-QFT to:

- Report income received by a QFT;
- Report income that is either accumulated or distributed currently to the beneficiaries;
- Report any applicable tax liability of the fiduciary; or
- File an amended return for the QFT.

Pre-need funeral trusts that do not qualify as QFTs should get the instructions for Form 541, California Fiduciary Income Tax Return, for their filing requirements.

For taxation purposes, a trust will generally be regarded as a separate entity. However, if there is an unlawful shifting of income from the individual who has earned that income to a trust, the trust will no longer be treated as a separate entity and the income will be taxed to the individual who earned the income. If the individual who established the trust has a substantial ability to control the assets, all of the income will be taxed to that individual. Unless specifically allowed by the California R&TC and the IRC, deduction of personal living expenses by an individual or trust is not allowed.

B Qualified Funeral Trust

A QFT is a domestic trust that meets all of the following requirements:

- It arises as a result of a contract with a person engaged in the trade or business of providing funeral or burial services or property to provide such services;
- The sole purpose of the trust is to hold, invest, and reinvest funds in the trust and to use those funds solely to pay for funeral or burial services or property to provide such services for the benefit of the beneficiaries of the trust;
- The only beneficiaries are individuals for whom such services or property are to be provided at their death under the contracts described above;
- The aggregate contributions to the trust on behalf of any single beneficiary do not exceed the contribution limit (described in General Information C, Contribution Limit, below), and are made by or for the beneficiaries' benefit;
- The trustee makes the election to treat the trust as a QFT; and
- If the QFT election had not been made, the trust would have been treated as owned by the purchasers of the contracts under the grantor trust provisions of the IRC.

If a QFT has multiple beneficiaries, each beneficiary's separate interest under a contract is treated as a separate QFT for the purpose of figuring the tax and filing this return. Each beneficiary's share of the trust's income is determined in accordance with the beneficiary's interest in the trust. A beneficiary's interest in a trust may be determined under any reasonable method.

Whenever these instructions refer to a trust or QFT, it includes such separate interests that are treated as separate QFTs.

C Contribution Limit

How to determine your contribution limit
To meet the contribution limit, first determine your contribution limit amount. You determine this amount in the year in which an individual enters into a contract with a person engaged in the trade or business of providing funeral or burial services or property to provide these services.

For contracts entered in...	your contribution limit amount is....
1998 and before	\$7,000
1999	7,100

How to determine if a trust meets the contribution limit

A trust meets the contribution limit if:

- Contributions do not exceed the contribution limit amount; and
- The trust, over its life, does not expect to receive future contributions that exceed the contribution limit amount.

Projections for future contributions are based on:

- Existing contributions;
- Applicable California law trust contribution requirements; and
- Any expected contributions in excess of California law requirements.

When to determine the contribution limit
Make the determination at the inception of the trust and again if the projected amount for future contributions changes.

Losing QFT status

A trust loses its QFT status at the time it exceeds or is projected to exceed its contribution limit amount.

Multiple beneficiaries

If a QFT has multiple beneficiaries, the contribution limit applies separately to each beneficiary. Each beneficiary's share of the total contributions to a trust is determined by the beneficiary's interest in the trust. A beneficiary's interest in a trust may be determined under any reasonable method.

Related trustees and the contribution limit

A beneficiary's share of contributions made to all trusts that have trustees that are related persons will be aggregated for purposes of testing the contribution limit. Trustees will be considered related if:

- The relationship is described in IRC Section 267 or Section IRC 707(b);
- The persons are treated as a single employer under IRC Section 52(a) or (b); or
- The Franchise Tax Board (FTB) determines that treating the persons as related is necessary to prevent avoidance of this section.

D Composite Return

A trustee may file a single, composite Form 541-QFT for all QFTs of which he or she is the trustee. Generally, a QFT included on a composite return must have a calendar year as its tax year. However, if a QFT terminated during the year resulting in a short tax year, the trustee may still include the QFT on the composite return if it is filed no later than the due date of the short tax

year. Get federal Form 1041-QFT for more information.

E When to File

For calendar year estates and trusts, file Form 541-QFT by April 17, 2000. The due date for a composite return is also April 17, 2000, even if the return includes QFT's that terminated during the year. If you are filing for a short year, file Form 541-QFT by the 15th day of the 4th month following the close of the short year. The QFT has an additional 6 months to file without filing a written request for extension. However, to avoid late payment penalties, 100% of the tax liability must be paid by the original due date of the return.

If an extension of time to file is needed and an unpaid tax liability is owed, get and use form FTB 3563, Payment Voucher for Automatic Extension for Fiduciaries.

If the return is not filed by the extended due date, late filing penalties and interest will be imposed on any tax due from the original due date of the return.

F Where to File

If an **amount is due** with the return, mail the return and payment to:

FRANCHISE TAX BOARD
PO BOX 942867
SACRAMENTO CA 94267-0001

Be sure to include your federal employer identification number (FEIN) on all payments. Do not mail cash.

If there is a **refund or no amount is due**, mail the return to:

FRANCHISE TAX BOARD
PO BOX 942840
SACRAMENTO CA 94240-0000

G Private Delivery Services

California conforms to federal law regarding the use of certain designated private delivery services to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. See federal Form 1041-QFT, for a list of designated delivery services. If a private delivery service is used, address the return to:

FRANCHISE TAX BOARD
SACRAMENTO CA 95827

Caution: Private delivery services cannot deliver items to PO boxes. If using one of these services to mail any item to the FTB, **DO NOT** use an FTB PO box.

H Who Must Sign

Trustee

The trustee or an authorized representative must sign Form 541-QFT.

Paid Preparer

Generally, anyone who is paid to prepare a tax return must sign the return and fill in the other blanks in the Paid Preparer's Use Only area of the return. The person required to sign the return must:

- Complete the required paid preparer information;
- Sign it in the space provided for the preparer's signature; and
- Give the trustee or authorized representative a copy of the return in addition to the copy to be filed with the FTB.

I Accounting Period

All QFTs must adopt a calendar year, even if the trust was on a fiscal year when it was a grantor trust.

J Estimated Tax Payments

Generally, QFTs must make quarterly estimated tax payments. If they expect to owe more than \$200, get the 2000 Instructions for Form 541-ES, Estimated Tax for Fiduciaries. Use Form 541-ES to figure and pay estimated tax for the trust. Estimated tax is the amount of tax the trustee expects to owe for the year after subtracting the amount of any tax withheld and the amount of any credits.

Estimated tax liability is figured for the individual QFT, and not for a composite return taken as a whole.

K Interest and Penalties

Interest

Interest will be charged on tax not paid by the due date, even if the return is filed by the extended due date.

Late filing of return

A penalty is charged if the return is filed after the due date (including extensions), unless there was reasonable cause for filing late. The penalty is 25% if the return is filed after the extended due date. If the return is filed more than 60 days after the extended due date, the minimum penalty is \$100 or 100% of tax due on the return, whichever is less.

Late payment of tax

A penalty is charged for not paying tax by the due date unless there was reasonable cause for not paying on time. The penalty is 5% of the unpaid tax plus one-half of 1% for each month, or part of a month, that the tax is late, up to a maximum of 25%.

Note: If a QFT is subject to both the penalty for failure to file a timely return and the penalty for failure to pay the total tax by the due date, a combination of the two penalties may be assessed, but the total will not exceed 25% of the unpaid tax.

Note: If the QFT includes interest or any of these penalties with the payment, identify and enter these amounts in the bottom margin of Form 541-QFT, Side 1. Do not increase the tax due on line 32 or reduce the overpaid tax on line 33 by the amount of the interest or penalty.

Other penalties

Other penalties may be imposed for a check returned by your bank for insufficient funds, accuracy-related matters, or fraud.

L Attachments

If the QFT needs more space on the form or schedules, attach separate sheets showing the information in the same order as on the printed form.

Enter the QFT's FEIN on each sheet. Also, use sheets that are the same size as the forms and schedules and indicate clearly the line number of the printed form to which the information relates. Show the totals on the printed forms.

M Rounding to Whole-Dollar Amounts

Show the monetary figures on the return and accompanying schedules as whole-dollar amounts.

N Miscellaneous Items

California law follows federal law in the area of accounting methods.

Liability for tax

The trustee is liable for payment of the tax. Failure to pay the tax may result in the trustee being held personally liable. See R&TC Sections 19071 and 19516.

Tax-exempt income

California does not tax:

- **Interest on governmental obligations.** Interest derived from bonds issued by California or its political subdivisions, the federal government, the District of Columbia (issued before December 24, 1973), or territories of the United States is not taxable by California.
- **Proceeds of insurance policies.** In general, a lump sum payable at the death of the insured under a life insurance policy is excludable from gross income of the recipient.
- **Miscellaneous items wholly exempt from tax.** (1) Gifts (not received as a consideration for services rendered) and money or property acquired by bequest, devise or inheritance (but the income derived therefrom is taxable); and, (2) income, other than rent, derived by a lessor of real property upon the termination of a lease, representing the value of such property attributable to buildings erected or other improvements made by the lessee.

O General Summary of Treatment for Sourcing Income Items

Nonbusiness

- Interest and dividends generally have a source at the taxpayer's state of residence.
- Gains and losses from sale/exchange of real property and tangible personal

property generally have a source where the property is located.

- Income from intangible personal property generally has a source at the taxpayer's state of residence.
- Rents and royalties generally have a source where the property is located.

Business

- If the business, trade, or profession is conducted wholly within California, it is California source income.
- If the operations within California are so separate and distinct from the operations outside of California that taxable income can be separately accounted for, only the income from within California must be included in California source income.
- If the trade or business carried on within California is an integral part of a unitary business carried on outside of California, the entire net income must be reported and apportioned or allocated in accordance with the provisions of the Uniform Division of Income for Tax Purposes Act as contained in Sections 25120 through 25139.

Partnership, limited liability company (LLC), and S corporation income/loss is apportioned or allocated the same as any other business. If the trust is a partner, member, or shareholder of a partnership, LLC, or S corporation, income sourced to California is generally included in column (e) of the Schedule K-1 (565, 568, or 100S). For more detailed information, refer to Title 18 Cal. Code Reg. Section 17951-4 and related tax code.

Income retained by a trust is taxable to the trust. Income from California sources is taxable regardless of the residence of the fiduciaries and beneficiaries. R&TC Sections 17742 through 17745 provide that the taxability of non-California source income retained by a trust and allocated to principal depends on the residence of the fiduciaries and noncontingent beneficiaries, not the person who established the trust. Contingent beneficiaries are not relevant in determining the taxability of a trust. For QFT purposes, all beneficiaries are considered noncontingent beneficiaries.

Three different situations can occur when determining the taxability of a QFT. The situations and treatment follow:

1. If the trustee (or all the trustees, if more than one) is a California resident, the trust is taxable on all income from all sources (R&TC Section 17742).
2. If the noncontingent beneficiary (or all the noncontingent beneficiaries, if more than one) is a California resident, the trust is taxable on all income from all sources (R&TC Section 17742).
3. If the trustee is a nonresident and at least one noncontingent beneficiary is a California resident and at least one noncontingent beneficiary is a nonresident, the trust is taxable on all California source income plus the proportion of all other income that the number of California

resident noncontingent beneficiaries bear to the total number of noncontingent beneficiaries (R&TC Section 17744).

Note: The residence of a corporate fiduciary (trustee) of a trust means the place where the corporation transacts the major portion of its administration of the trust (R&TC Section 17742(b)).
